Projects

Media Player Controller using hand Gestures,
MediaPipe | Image-Processing
In this project, we can control the media player such as vlc media player with the help of various hand gestures.

WakeMeUp with Memes, *Face Detection | Drowsy Detection | Machine Learning | Python*
Created an application to alert users in critical times with memes, aiding in reducing drowsiness.

Agriculture Income Expense Management System,
React | Web Developement | Firebase
Built a tool for farmers to track income and expenses, facilitating better budget management.

DadJokes : Random Joke Generator, *Chrome Extension*
Developed a Chrome extension to deliver random jokes for a light-hearted browsing experience.

Education

Vishwakarma Institute of Technology,
B. Tech Information Technology
2024 | Pune, India
CGPA : 8.76 | SGPA : 9.00

Vidyamandir Jr. College of Science., *HSC*
Islampur, India
12th Percentage : 85.69

Islampur High-School Islampur, *SSC*
Islampur, India
10th Percentage : 94.80

Interests

Gaming | Helping needy people | Reading
Self-Improving | Travelling | Watching Movies

Professional Experience

Software Developer Intern, *Info Origin*
01/2024 – 07/2024 | Pune, India
Project Contribution:
- Contributed significantly to the "Agriculture Income Expense Management System"

Technological Expertise:
- React JS, Node JS, and Firebase

Team Collaboration:
- Closely worked with cross-functional teams to design and implement features, enhancing project delivery.

User Impact:
- Implemented features for recording transactions and generating financial reports, improving farmers' financial management.

Skills

Technical Skills
Languages : Java | Python | SQL
Frameworks/Libraries: React, Node.Js
Web Technologies : HTML | CSS | JavaScript | JSON | PHP
Databases: MySQL | Firebase | JDBC | MongoDB
Operating Systems: Windows and Linux
Version Control: Git | Github
Other tools: Microsoft Office | Canva | AI Tools and models
Others: Prompt Engineering

Publications

Media Controller using Hand Gestures, *4th International Conference on "Mobile Computing and Sustainable Informatics"(ICMCSI 2023)*
